### THE PRIMARY ELECTION LAW.

The Journal is in receipt of a letter reking if the bill passed the last seneral assembly of Missouri amending the columne election law, calling for the repeat of the provision making a deposit of money a prerequisite for a cambidacy for coffice

This provision has been opposed by the Journal ever since the law was that somer or later a way would be propassed and at the last assembly a lill making the change stoken of was introtured by Representative Elmer E. Phipps, of Jackson county, and passed both houses of the assembly. It was a could by Governor Stone and as no proion was made in the new election w for primaries they must be hold willing to the old law.

Each competing delegation for the coning a total of \$500 in the city. Each candidate for pointwatten for city office efore the primary, should it be thought wat to have this form of nomination. the privilege of having his name voted bonger hands and greater profits.

anddlates are nominated at the primary election or not. Hence the earthlates' expenses will be increased by they which in rease of expense will have the If the group those is the sensible animal effect of precenting many worths. elligens from allowing their names to be just before the people.

The Republic very much in the way. It would be well very much in the way. It would be well if preparation were made for feeding as much as possible in the meantime. Cheap park can be made with cheap corn, and there will always be a market for good beet.

## ALL THE WAY BY WATER.

The Journal has for many years been a populationt advocate of a southern outof for the products of the central West, and has never faltered in its confidence that would furnish a relief from slavery. to the long haul to the Atlantic seaboard.

This reper is plainly now in sight. The multiplication of transportation times to the Gulf poets has made it seconsars for their owners to seek additional business for their support. Their most natural conclusion is that the solution of the problem that confronts them is in our green out of occan fransports then. Thus our he secured by providing curgoes for the ships at tidewater. Catton will furnish a large part of the nocessary bulk, but the cereals of the must pay fiv in each ward, or time for stones further north will give the roads

The rouds already built tap the best The convention will be called and that grain producing sections of the entire equation will be recessary whether the country. They can not the grain to carry if a market can be had for it in that direction. But a market must have storage capacity, and that is all that is now needed to change the direction of the export current for a very large part of the West, and especially of the great winter wheat belt. The full bene fits of this coming change in the export business of this part of the West, however, will not be realized until the great natural waterway is made available to

compute with the railroads. With the Missouri siver improved so as to admit of safe traffic, the end for which the Journal has labored so long and so persistently will be accomplished. It is bound to come, and the manguration of Gulf trade by way of the railroads will serve to hasten the time a "claim" on the part of England and it. It has been fully demonstrated by the engineers in charge of the work of probenda? No? Then you will probably proportion as future explorations shall teeting the shores of the river during the past few years, that the methods employed are well calculated to accom-

There is no longer any room for doubt as to the thorough practicability of establishing perminent navigation at an expense for less than that which has been required to maintain traffic on the Mississippi from St. Louis to the delta. he amply sufficient to warrant the expense there is no room for controversy.

The appropriation asked for at the present session of congress for this purpose is four millions, one million to be puts is that to 2,000,000 acres of valuable expended each year. Of course this is an insumificant amount compared with square miles of territory of which she would be a starter to have even that amount to use. It would serve to make more plain the feasible character of the work, and would without doubt be followed by still more carnest efforts to restore the river to a navigable conlittion. With both water and rall facilities to take the grain to market the West would be benefited to the amount of many millions every year,

## HANDLE BAR AND PEDALS.

Among the new industries put in motion by the brayer crime is the making of leg-inum, for which neveral leg factories now whet.

The gondeman who instructs Queen Victoria's grandonthiren to ride the wheel is by communit of her majority edicially bibbed "ergount-bikeman."

dished "acreeant baseman."

Bicycles are now being made in the Indiana state presan at Warsaw. Experts from a promitent buyele factors have been character as instructors to the acasticit.

Freshert Faure, of the French republic, is fond of bloyele riding that regrets that he has not more time to devote to it. He would much rather take a som on his wheel that force with a dipleman.

It is claimed there are about the different kinds of wheels on the New York market, and at least 2006s there in that only the fear ago there were but New members of the New York division of the League of American Wheelman, while how that implies has increased to 10,000.

Indianapolis Johrnai: Mr. Wickwire that number has increased to 10,000.
Indianapolis Journal: Mr. Wickwire"How is it that Mrs. Finnesian len't here
to do the washing?"

Mrs. Wickwire-"Her bushind booked in
tone countr to tell me that 'the old leddy
had a full and broke her blies' but he got
away before I could ask him whether he
meant her wheel or her spine."

A biker asked a furmer:
Has a taily wheeled this way?
And the farmer told the biker:
It is mightly hard to say.
From the costumes they are wearing.
From the mountains to the rea.
If the biller is a abe one.

## ARCHBISHOP WALSH'S LETTER.

Will Appeal to Canadians to Settle the Manitoba School Question Without Sectarian Feeling.

Sectarian feeling.

Toronto, Ont. Feb. 1—This week Archbishep, Walsh will address a letter to the press stating his postition on the Manitoba school question. This action on his part is due to appeals made to him by the several regime that his influence, be exerted in promoting that his influence, be exerted in promoting units among all seets.

In his letter the archbishop will declare that the question is local said can best be estiled by Manifolm. He asserts that Catholics are free to you as their consciences distate, but both Protestants and Catholics will be advised to use their influence in allaying sectarian feeting and to ignore the voices of the politicians who are shrewelly striving to excite racial conflict. The archishop believes other questions in Camadian politics to be more important than the separate school question and be, hopes that all Catholics may realize this This action of Archishop Walsh is directly of quotee and ontains, and is expected to cause a sensation.

# FORT STANWIN BANK SHORTAGE.

Feared That It Will Reach \$300,000-

Cashier Loanest Money Unwively.

Rome, N. Y., Fely 3.—The directors of the Fogt Stanwisz National bank, whose rashier committed suicide hast week, held another meeting this afternion and they are now convinced that the surplus of \$15,000 are directors in feature profits of \$15,000 are wired out To-night they express themselves as feating that the shortage will reach \$20,000 and the shareholders are hable for an extra assessment to a similar amount. This, with the undivided profits and surprofits, however, it is said, will all have to be wiped out before the directors will make an assessment. Several directors well make an assessment. Several directors would be wiped to the fore the directors will make an assessment. Several directors well trackets for \$10.00 each. They believe Cashier Paranard has unwisely loaned money on ball and unprotected paper, and attribute the shortage to this.

these are the real facts in the case.

Wilson county is reaching out after the millennium with a degree of success that is highly creditable to the unremitting efforts of John Gilmore. The decket for the February term of the district court there is lighter than it has been before for twenty-live years.

Journals county willingly concedes that Charley Smart would make an excellent induce for that district if Franklin county must be called upon to formish a successor to Judge Benson, but incidentally suggests that W. Nevison, of Lawrence, is built that way himself.

The Lawrence World says it is practically settled now that in the Kauma-Nechally settled now that in the Kauma-Nechallen of the county will be represented by an indian and a colored man, in token of which the students have already originated a yell, of three cheers for the red, white and black.

Miss Pauline Lewelling, the ex-governers

and black.

Miss Pauline Leweiling, the ex-governors second daughter, who has recently finished her work as teacher of a district school near Arkansas City and resumed her studies at the university, is complimented by Seperintendent Anderson as having been one of the ablest and most satisfactory teachers in the county.

When Mollis laughs, you hear the rush
Of wind among the forest trees.
The Joycus cuthorat of the thrush.
When twillent prompts his melodies.
And other sounds as quick as these
To lift the heart. The paths are green
Life opens for her dawn its leas.
She treads them bitthely; she's sixteen.

When Phylins smiles, the darkest sky is shot with smallght through and through; For every limple shown thereby. She gains a lover, arient, true. The vain to such and vain to suc. He best may have who long can wait. For favor from those eyes of blue. The years she numbers are but sight.

Order my life, we Slaters three,
As seemeth best, but grant me, whiles,
Abidance in that Paracise
Where Meille laughs and Phyllis smiles,
-Harry Baldwin, in the Bookman.

Gent—"What is the reason you charge twice as much for my cuffs as you did formerly?"

Washerwoman—"Because you have begun making penell marks on them."
Gent—"What difference does that make?"

Washerwoman—"My daughters waste so much time trying to make them out."—

Spare Moments. New York World: Smythe-"Tompkins had money to burn when I met him to-

Mrs. Smythe—"Then I suppose the fool-ish fellow has spent it by this time." Smythe—"Yes; when I saw him he was looking for his coal dealer." "I am sure I do not feel a day older than I did when I came out," said Miss Sevenceasons, "and I don't think I look any older. But of late I have noticed that the young men who are having trouble with their sweethearts all seem to drift to me to tell their sorrows."—Cincinnati Enquirer.

A gown of old-blue satin, with bodice of chameleon velvet, has a Bolero jacket outlined with pleatings of white satin, a soft sash of white encircles the waist and beloosely knotted at the left side. The collar is of velvet with a pleating of the satin standing straight out around the top and two loops of the velvet at the back.

He-"I had a queer dream about you last night, Miss Louisa. I was about to give you a kiss, when suddenly we were separated by a river that gradually grewas big as the Ithine."

She-"And was there no bridge or no

Miss Passee—"I understand you do hand-some work and make very pretty pictures." Photographer—"Yes, miss; but I could make a natural Ekness of you, if you pre-ferred it."—Philadelphia Record. A tollette of simplicity and usefulness for sewing, painting, writing, or what you will, is out in the skirt and bodice style, of some dark, serviceable color. The skirt plain, bodice slightly draped from shoulder to shoulder, full sleeves with turn-over cuffs and a neck ribbon or jabot of lace are the only trimmings.

She-"I caught Bridget starting the fire Sheet anger the first through the first this morning with kerosene."

Hyshami-"How much do we owe her?"

She "Fram months" wages.

Hushami-"Well, go on with the kerosene."-Boston Budget.

"My darling, let's not spend our honey, moon walting for change,"—Salina Herall,

Mrs. Sarah Judson is an A No. I farmer, one day last week she plowed a two acres field, trimmed seven trees and miked four cows before her husband had cooked the breakfast—and everybody knows Tom Judson in a honsekeeper. You'll never hear Mrs. Judson muaning that "farming don't pay."—Chicago Hustler.

beyor hear Mrs. Judson manning that "farming don't pay."—Chicago Hustler.

Orange tarts: Line tart shells with also pasts and take. Fill with orange marma-inde or lefty, or make a filling as follower. To the well beaten volt of three cars add one tablespoonful of butter, one captul of sugar and two tablespoonfuls of either sugar and two tablespoonfuls of either again, then sed the whites of eggs beaten for a siff frosth and half a teacube ful of milk. If the filling is need do not bake the shells first.

Washington Star: "Your highness?" exclaimed the grand vizier, as he rushed into the royal presence and flung himself at his sovereign feet.

"Arise," was the gravious response, "You need to presence and flung himself at his sovereign feet.

"Arise," was the gravious response, "You need to present yourself."

"I can't help it. This is a case of nervous presentation. Zobelbe..."
"Yes—the given of the harem..."
"I's on the rampage. She is looking for trouble with a searchtight and a Gathing am, your malesty. She sales that unbest she is treated with more consideration she'll make your malesty who are and a discordant extension wildeness."
"What is it all about?"
"This hast continue you cent her from the milling a."
"What, it has been in siyle these hundreds of years. Everybody knows what a Turnish half yours to wear. There can't be any trouble. She says the bloomers are all right. But what she wants is the bloomers.

"Yes. She says the bloomers are all right. But what she wants is the bloydic that roes with 'em."

Willie-"You'll have to wan a moment before you go into the parker."
Featherstone-"Any one clee in there?"
"Only sister. She's hanging up some mistatoo over the sofa."—Life.
